**Testimonial** : I had visited allopathic doctors for floaters in my eyes, anxiety & high blood pressure. They said that these conditions are somewhat incurable and that one should learn to ignore them and relax oneself.

I was not satisfied with these statements. Hence, I came to Dr. V.K. Porwal for acupuncture treatment. After 10 treatments of clinical yogic acupuncture my floaters vanished completely. Anxiety went out completely and blood pressure came down to very low levels. I pay my heartiest gratitude to Dr. V.K. PORWAL for his services.
